

Pre-MENACTRIMS SYMPOSIUM

WITHIN MS

December 7, 2023 | Conrad Hotel | Abu Dhabi, UAE

REGISTER TODAY
Limited seats available

Why attend Within MS

There are different elements to be considered in MS management. While disease activity control remains integral; a lot can be happening within MS that is not clinically visible.

This workshop will host top medical experts to answer some of the key questions by shedding light on hot topics around what's happening within MS. Moderated by Prof. Bassem Yamout; President of MENACTRIMS, the workshop will start with Dr. David Paling who will share the latest updates in MRI techniques and how to embed them in clinical practice followed by Dr. Raed Al Roughani who will highlight the role of neurofilaments within MS.

Agenda

17:00-17:30 Registration and Welcome Coffee

19:05-20:00	Lectures Chair: B. Yamout (AE)
